## The Holiday Homes

Once again many thanks for bearing with us through this project.

Progress has been slower than first anticipated due to both the change of main builders and the weather.

It was hoped to have them finished for Christmas, but the new completion date is now April.

The main holiday cottage will sleep six, with the downstairs bedroom, Bathroom and kitchen being fully equipped for both the able and disabled clients. All bathrooms are en suite.

The adjoining holiday home sleeps 2-4 and is fully equipped to a high standard.

Bookings for the holiday homes will be at a reduced rate for both liveries and clients of the centre.

## The new toilet block

This is now fully operational and the new changing and shower room will be finished once again by Easter.
